Re: No Effect

Dear Ms. Keefer:

Thank you for contacting our office and providing a copy of the cultural resources survey report for the Port of Clarkston Industrial Park project. We agree with their professional recommendations—no further archaeological investigations are necessary at this time. These comments are based on the information available at the time of this review and on the behalf of the State Historic Preservation Officer in conformance with Governor's Executive Order 05-05.

Should additional information become available, our assessment may be revised. In the event that archaeological or historic materials are discovered during project activities, work in the immediate vicinity must stop, the area be secured, and this office and the concerned tribes notified. We would appreciate receiving any correspondence or comments from concerned tribes or other parties that you receive as you consult under the requirements of EO 05-05

Sincerely,

Lance Wollwage, Ph.D.
Transportation Archaeologist
